Yvonne
Can you pl convey the following to The Boss.thx.Ehud Barak

Dear Ray
It was great to meet with you that unique morning. Stay assured . No one during our lifetime has done so much for the NYPD, NY citizens and law and order which bring prosperity as you've done during the last 12 years as well as during your previous term. Future NY generations will remember it. As well as many frequent visitors like myself.
A new chapter is about to begin. I appreciate our conversation and wonder whether it make sense to you to meet, the three of us,before your departure. If that's the case pl allow Yvonne to connect us over the phone at a time of your convenience. If not, pl let me know and we could meet after mid January.
Best
Ehud Barak
